Foreword

Only the photograph of another building, you say? How mistaken you are! To a passerby, yes, this is just another school building; but to the students of Cedar-Lee High School it means much, much more. The friends made here, the achievements mastered, the disappointments suffered, and the knowledge acquired here have made Cedar-Lee High School a very special building.

It would be difficult to ever forget the crowded halls... the assemblies... the excitement of a close game... the pass slips... the cold, bumpy bus rides... cramming for tests... the discussions in class... the mad scramble for the door...

And so, here is your book, the 1961 Traveler, which we give to you. May you always remember this memorable year in good old C. L. H. S.

The Annual Staff of '61
